ABOUT

We are a comprehensive, all inclusive finance and real estate company investing in the future of urban and suburban communities in the U.S. and abroad.

MISSION

We are committed to sustainable community development constructing high-quality mixed-use, multifamily residential, and commercial properties in culturally diverse markets. We deliver on this mission through our core values of integrity, excellence, and innovation.

OBJECTIVE

Our vision is to integrate our proprietary business model across multiple verticals in finance and real estate. Thus providing long-term value to investors while striving to improve neighborhoods with projects that are architecturally appealing, energy efficient, and community centric.

INVESTMENT OPPORTUNITY

We offer investors an opportunity to participate in the growth and upside trends in the real estate market through our publicly traded company. As shareholders of common stock, investors experience significantly increased liquidity as compared to directly owning real estate.

MARKET STRATEGY

Our acquisition strategy is rooted in viable well-positioned regions worldwide that are anchored by strong tenant markets, robust job growth, and increased demand for housing.

ASSET MANAGEMENT & PARTNERING

Our strategy of working with federal, state, and local governments, as well as community leaders and other developers, provides us with a diverse product portfolio and an opportunity to increase our overall market share. This model creates a tremendous advantage in the marketplace while providing long-term value to our investors.

BROKERAGE SERVICE

We provide in-house commercial and residential real estate brokerage services in the Miami area with targeted expertise in the acquisition and disposition of properties. Our experienced Realtors will have the professional support of our organization as an added benefit to all types of real estate transactions.

DIVERSITY INCLUSION

We actively promote diversity and inclusion in all our projects by ensuring minority, women-owned, and small business participation in our industry.

COMMUNITY VISION

Our community vision is focused on the people we serve and the regions we invest in. We intend to significantly contribute to our targeted communities by providing a comprehensive neighborhood plan that includes public green space, high-quality housing, neighborhood supporting retail, and local job creation.

COMMUNITIES DESIGNED FOR THE FUTURE

MESSSAGE
FROM THE PRESIDENT

I am fiercely committed to investing in community revitalization and aspire to improve and add value to the communities we serve while providing a solid return to our shareholders and investors.

We accomplish this by placing our organizational culture of serving others above all as the underlying value in all that we do. As a mission lead company we stand by our core values of Integrity, sustainability, innovation and excellence.

Our desire to leave a lasting positive impact on our global communities has helped us to set the stage for better performance in the areas of urban and suburban revitalization, smart growth, and public/private partnerships. I am confident that we are laying the foundation for building a thriving enterprise that will be relevant for decades to come.

Accordingly, I want to thank each of you that have had a hand in helping Community Redevelopment to be the well regarded and forward looking company that it is today.

I look forward to our continued journey together.

Sincerely,

Garfield Antonio
